PROFILE HIGHLIGHTS

- **Target Role:** Data Analyst | Python • SQL • Power BI • Machine Learning
- **Areas of Interest:** Data Analytics, Data Science, Machine Learning, Predictive Modeling

PROFESSIONAL SUMMARY

Results-driven Data Analyst with a strong background in Electronics & Communication Engineering, specializing in Python, SQL, Power BI, and Machine Learning. Proven track record in developing end-to-end analytics solutions, automated data pipelines, and interactive dashboards to translate complex datasets into actionable business insights. Highly focused on process optimization, analytical rigor, and cross-functional collaboration to streamline operations, foster strong client relationships, and drive organizational goals.

SKILLS

- Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn)
- SQL Proficiency
- Machine Learning
- Data Preparation & Cleansing
- Advanced Excel Techniques
- Analytical Skills
- Critical Thinking
- Effective Communication

WORK EXPERIENCE

Freelance Data & Automation Consultant

07/2023 – Present

Self-Employed / Remote | India

- **Predictive Analytics:** Conducted exploratory data analysis and implemented baseline Scikit-Learn machine learning models for accurate trend forecasting.
- **Data Wrangling:** Cleaned and structured large datasets using SQL and Python (Pandas/NumPy) to reveal insights into operational trends.
- **Visualization:** Developed dynamic Power BI dashboards to monitor business metrics and KPIs, enhancing visibility of performance reports.
- **Data Quality:** Conducted rigorous data validation checks to ensure high dataset accuracy and integrity.

INDUSTRIAL EXPOSURE & INTERNSHIPS

IoT & Embedded Systems Intern

Jun 2022 – Jul 2022

Sarpweb Technology | Hajipur, Bihar, India

- Worked on hardware-to-cloud data transmission and sensor network setup.

Network & Telecom Trainee

May 2019 – Jun 2019

BSNL | Muzaffarpur, Bihar, India

- Understood wireless network infrastructure, routing, and data transmission protocols.

EDUCATION

Bachelor of Technology: Electronics & Communication Engineering

06/2023

Sant Longowal Institute of Engineering & Technology - Sangrur, Punjab, India

Grade: CGPA: 7.858

Diploma: Electronics & Communication Engineering

06/2020

Sant Longowal Institute of Engineering & Technology - Sangrur, Punjab, India

Grade: CGPA: 6.70

Class 10: Math, Science

07/2017

Aditya Birla Intermediate College - Sonebhadra, Uttar Pradesh, India

Grade: Percentage: 71.5%

CERTIFICATIONS

- AI/ML for Geodata Analysis | ISRO - Indian Institute of Remote Sensing (2026)
- Machine Learning Specialization | DeepLearning.AI & Coursera (2026)
- Problem Solving (Intermediate) | HackerRank
- Software Engineer Intern Certificate | HackerRank
- Data Science & Machine Learning with Python | Simplilearn
- Advanced Microsoft Excel for Data Analysis | 365 Data Science

TECHNICAL PROJECTS

1. Employee Management System (Python, SQL)

- Designed a relational SQL database schema to store and structure organizational employee metrics efficiently.
- Built a Python-driven query management interface to perform automated CRUD operations and extract real-time analytical reports.

2. Mental Health Score Predictor & ML Pipeline (Python, Scikit-Learn)

- Engineered a baseline predictive classification workflow using Scikit-Learn to evaluate health metrics and risk factors.
- Applied data preprocessing, feature scaling, and categorical encoding to achieve high model evaluation accuracy.

3. Coffee Shop Sales Analytics Dashboard (Power BI, Advanced Excel)

- Constructed an end-to-end interactive dashboard to track daily store transactions, hourly revenue spikes, and customer sales patterns.
- Utilized Advanced Excel functions (XLOOKUP, Pivot Tables) and Power BI DAX metrics to calculate variance and growth trends.

ACCOMPLISHMENTS

- Certificate Winner – College Level Tech Event (SLIET Punjab)
- National Cadet Corps (NCC) 'B' & 'C' Certificates

LANGUAGES

English: Advanced (C1) | **Hindi:** Native
